Derbyshire Cross Country Mini League

Derbyshire clubs and schools are invited to participate in Mini League cross country. The league is friendly and informal, and ideal cross country environment for novice and experienced young runners alike. Now in its ninth year, the league has helped develop local young athletes, many of whom have gone on to regional and national success. It also gives many their first taste of competitive cross country.

Courses are well marked and marshalled, risk assessed, and involve no running on roads. Courses are generally 'easy' with one or two more challenging hills or climbs.

Fixtures Saturday a.m. at 11am, approximate finish time 12.30pm.

Scoring

The first three members of a club / school to finish the race will score points in accordance to the position they finish (1st place = 1 point, 9th place = 9 points etc) so the winner will be the team scoring the least number of points. All age group points will be added together to determine the overall winning club / school. If a club / school cannot field a full team in an age group they will be scored on the final place + 1 point (if there are 25 competitors in a race and you only have two team members then these will be scored as usual but 26 points will be added on to give you a team score)

Individual performances are scored on the same principle. If an athlete misses an event he / she will be awarded final place +1 point of that particular event. The scores are then added and the athlete with the least number of points over the three fixtures in their respective age group shall be declared the winner.

Awards

The annual trophy will be given to the club/ school with the least number of points over the period of three matches.

Medals will be awarded to the first three individual athletes with the least number of points in their respective age groups over the three matches.

Host clubs responsibilities are to provide a suitable course (with toilet facilities) which is marked out (start line, finishing funnel(s), route marked) and marshals. DAA can provide course marking equipment, marshals bibs, finishing discs if required. An indoor area is also required for match scorers. The coordinating club (AVAC) will ensure sufficient timekeepers, judges and a scoring team (with scoring envelopes and sheets / pc), and provide information and results to participating clubs/schools and the DAA website.

Notes for Team Managers

All athletes must wear club / school colours.

Any change to venue, dates or times will be displayed on the Derbyshire AA website www.dcaa.org.uk . Organisers cannot guarantee to contact individual schools and clubs direct regarding such matters and it is each school or clubs responsibility to check this website regularly in the run-up to each match.

Numbers and Letters will not be needed in this competition. On completion of the race athletes will be given a disc with their finishing position on. This must be given to the Team Manager who will then record the athletes name and position on the envelope provided. The discs must be placed in the envelope and then handed into the Scoring Officials immediately.

Course maps will be available on the day.

Further details eg parking, directions, refreshments etc will be displayed on the Derbyshire AA website www.dcaa.org.uk in the run-up to each match.

Offers of help for course constructing, marshalling etc would be gratefully received.
